Oshawa Strikers May Request Federal Mediation

Suggestion Heard in Ontario Town Dominion Government Seek to Arbitrate Auto Plant Dispute

Hepburn Explores Licensing Scheme

Oshawa, Ont., April 19.—The General Motors strike, shorn of its latest peace move, entered its twelfth day with little more than speculation over its possible duration.

There were reports that the shop stewards representing the Oshawa local of the United Automobile Workers of America would favor an approach by Mayor Alex Hall to the Dominion Government for direct mediation in view of the collapse of reopened negotiations at the Ontario government buildings in Toronto Saturday.

Only a small picket line was on duty at the plant in Oshawa this morning. Most pickets donned their spring clothes today instead of their work clothes.

From Hugh Thompson, organizer for the Committee for Industrial Organization, came word that the strikers are "really digging in," preparing for a long period of idleness if necessary.

TO ADDRESS MEETING

Mayor Hall announced today he would attend a mass meeting tonight of the more than 3,000 strikers. "I will be attending the mass meeting tonight of strikers, but I have no further comment to make at this time," said the thirty-three-year-old mayor who last week telegraphed an "ultimatum" to the international union headquarters at Detroit that he would call a mass meeting here tonight and tell the workers they were being "fooled and hoodwinked" unless the international union called a sympathetic strike in United States plants.

LICENSING OF UNIONS

Toronto, April 19.—Premier Mitchell Hepburn of Ontario, prominent figure in the Oshawa General Motors strike negotiations, today announced government law officers were studying legal possibility of licensing trade unions which collect dues here and send them "across the line."

The Premier reiterated he was determined to stop the "exploitation of Canadian labor" by such organizations as John L. Lewis's Committee for Industrial Organization.

"If we could stop the collecting of dues, a large part of which goes across the line to men like Lewis, we would end this trouble," he said.

"I have no antipathy to international organizations, particularly the American Federation of Labor, whose attitude to the Lewis crowd is the same as my own. We are hoping men of the caliber of Mr. Moore (W. H. Moore, member of Parliament for Ontario County, Oshawa's riding, who has been offered the new industry and labor chairmanship) will be able (Turn to Page 2, Col. 5)

LINER HELD BY SMALLPOX

Seaman Down With Disease, So Empress of Russia Detained at William Head

Because a third-class passenger was suffering from smallpox, the Canadian Pacific liner Empress of Russia was detained at sea by the ship's surgeon. A number of passengers in the first and tourist classes also asked for vaccination, although it was not compulsory.

The ship will probably be held there until some time tomorrow, officials at the station said this afternoon.

All third-class passengers were vaccinated at sea by the ship's surgeon. A number of passengers in the first and tourist classes also asked for vaccination, although it was not compulsory.

Dr. J. S. Douglas, chief medical officer at William Head, and Dr. T. D. Bain went aboard the Empress of Russia early this morning and spent all day checking over the vaccinated passengers and looking for further traces of the dread disease.

The sick man is a distressed British seaman from Shanghai on his way to England. It is expected he will be moved from the ship to the quarantine hospital late this afternoon. He is reported to be seriously ill. He was first stricken April 13.

All third-class baggage was being fumigated today. The quarantine doctors had not decided this afternoon whether any contacts would be removed from the ship.

Plans of first and second-class passengers were upset by the delay. A number of them were to have left Vancouver tomorrow evening for Quebec to connect with the Ss. Empress of Australia, bound for England. It looks now as if these plans will be considerably upset.

Not for some years has an Empress been detained at William Head.

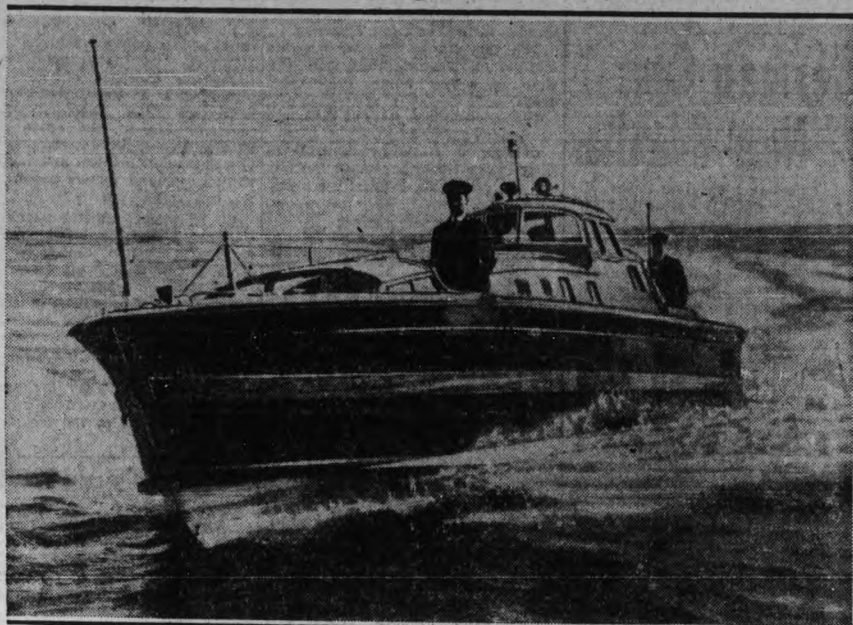

The Russia is now alongside the quarantine dock. None of the passengers were allowed ashore and no one was permitted to enter the quarantine gates.

From the liner's masthead flew the yellow flag.

Malahat Drive Surfacing Soon

Providing a spell of warm weather allows the gravel to dry out, bituminous surfacing of the Malahat Drive from Mile 12 to 16 will start early in May, Hon. F. M. MacPherson, Minister of Public Works said today. The road will be closed for four or five days while the new surfacing is laid. It will cover the section of the road rebuilt during the winter. Strong guard rails have been erected along the new section, and, after surfacing, it will be yellow striped down the centre for safety purposes.

New Royal Barge for the Thames

The forty-five-foot admiral's barge in which the King and Queen will ride to Greenwich from London when they open the National Maritime Museum was being given a thorough tryout at Southampton when the above picture was taken. Bold Winnipeg Daylight Robbery

Brewery Products Company Cashier Surprised By Two Armed Thugs Who Escape With \$2,500 in Auto Driven By Confederate

Winnipeg, April 19.—Two armed bandits held up the cashier of the Brewery Products Limited here today and escaped with at least \$2,500.

The cashier, C. K. Connerly, was opening the office for business and was coming out of the vault with the books when two men covered him with drawn revolvers.

"Where is the money?" one of them said.

MAN WAITED IN AUTO

A third man was waiting outside the door with a car while the other two were inside.

The cash was in a small safe inside the cage where Connerly worked. He had opened the safe before going into the vault. The gunmen, neither of whom was masked, scooped up the cash box containing about \$2,500 and rushed out the door.

Another \$1,200 kept in a cabinet below the counter in the cashier's cage was overlooked.

It was Winnipeg's second major holdup in two weeks. Last April 8, two employees of the Paulin Chambers Biscuit Company were robbed of a \$1,400 payroll.

Roebuck Quits Ontario Board

Toronto, April 19.—Arthur W. Roebuck, who resigned as Attorney-General on Premier Mitchell Hepburn's request in connection with Oshawa General Motors strike policy, today quit his post as member of the Ontario Hydro-Electric Power Commission.

The former Attorney-General said he would return to private law practice. The Premier asked for the resignations of Mr. Roebuck and David A. Croil, Welfare and Labor Minister, last week on the grounds they had failed to fall in line with the government's policy in connection with the General Motors strike.

LONDON JEWEL ROBBER FAILS

Gems Scattered in Regent Street as Messenger Slugged; Thug Escapes

London, April 19.—Gems worth £20,000 were scattered about the pavement in the fashionable Regent Street shopping district at noon today when an attempted robbery was frustrated.

The jewels, including Coronation tiaras and heirlooms left for alteration, were being brought to a prominent jewelry establishment from a bank safe. The messenger was knocked on the head by an assailant and the bag of gems burst open.

The robber ran away without attempting to pick up any of the scattered jewels. He was caught by the messenger and his assistant, who left him in the custody of a crowd of spectators while police were summoned, but when the bobbies arrived it was found he had escaped.

All the jewels were recovered.

ROBBERY IN VANCOUVER

Vancouver, April 19 (Canadian Press).—Burglars who carried a heavy safe from the ground floor to the basement of the Hudson Hotel beer parlor at the week-end escaped with \$556 in cash. Police said the job appeared to have been done by "amateurs."

HITLER AGREES TO TRADE MEET

Tells Lansbury Germany Would Attend International Economic Conference

Berlin, April 18.—Chancellor Hitler told a veteran British pacifist today that Germany would be "very willing" to attend an international conference for "economic co-operation of mutual understanding" if President Roosevelt or some other major statesman called it.

Hitler's statement was made known after he had conferred for more than two hours with Rt. Hon. George Lansbury, visiting Labor member of the House of Commons.

Tokio Teachers Stage Sit-down

Tokyo, April 19.—Twenty Tokyo teachers in a large commercial school staged Japan's second sit-down strike today to the astonishment and delight of 850 pupils.

The striking pedagogues, refusing to go on with classes, demanded better working conditions and reinstatement of eight discharged colleagues.

Germans Raid Jewish Lodge

Berlin, April 19.—German secret police arrested approximately forty members of the Jewish B'Nai Brith Lodge in early morning raids on the homes of many members today.

Officials refused to give any reason for the raids. At least one woman was reported among those taken into custody.

The B'Nai Brith, unlike some lodges, has never been dissolved officially.

Jewish circles, commenting on the raids, said they believed a new wave of official anti-Semitism was under way.

New Threats To Mattson Family

Tacoma Doctor Whose Son Was Slain By Kidnappers Reveals Letters

Tacoma, April 19.—Dr. W. W. Mattson revealed today new threats have been made against members of his family, but expressed confidence the kidnap-slayer of his son would soon be captured.

The father of murdered Charles Mattson admitted the lives of Muriel, his fifteen-year-old daughter, and William, sixteen, his remaining son, had both been threatened.

In the first interview granted since the body of ten-year-old Charles was found in a thicket near Everett January 11, Dr. Mattson told the Associated Press the threats had come in the flood of letters delivered at his home every day since the kidnapping last December 7. The last, it was learned, was made less than two weeks ago.

CRANKS BLAMED

"They worry Mrs. Mattson," the physician said, "but I am confident they are simply the work of cranks who write letters to everyone whose name temporarily is news. Undoubtedly they represent the criminal element which walks our streets every day as potential menace to every family."

AGENTS STILL AT WORK

He admitted each threatening letter was carefully scrutinized by the Federal Bureau of Investigation agents, some forty of whom are still stationed here. Refusing to discuss actual progress of the hunt for the person or persons who killed Charles, he asserted:

"I have great hope we shall get a 'break' in the search soon and be able to put these murderers out of circulation."

Apparently certain more than one person participated in the crime, Dr. Mattson blamed easy parole systems for the kidnapping and asserted Tacoma's lack of police protection was responsible for the selection of his son as a victim.

"Criminals know Tacoma's police force is the most undermanned on the coast," he said. "That is why this town has been the site of two major kidnappings."

FIREMEN FACE GAS DANGER

Calcium Cyanide Was Stored in Wrecked Park Building

At risks unknown to them, city firemen early Sunday morning checked the spread of a city parks building fire in Beacon Hill which might have cost the city thousands of dollars and endangered life of those fighting the blaze.

According to reports the fire broke out about 2 o'clock yesterday morning and caused damage estimated by W. H. Warren, parks superintendent, to the amount of about \$1,000 on the building and \$400 in contents. Highly efficient work by the firemen prevented its spread to the greenhouse where thousands of dollars' worth of plants are kept, including 750 hanging baskets the city intends to use for street decoration during the anniversary festivities.

UNKNOWN HAZARD

Firemen fought an unknown hazard when they quelled the blaze. A can of calcium cyanide, which, if released through the heat, would have gassed the men, together with a can of gasoline and one of coal oil were stored in a room in which the heat was so intense glass was melted.

The building is located in the park near the corner of Cook and Faithful Streets. It is used as an office by the parks superintendent, and also houses a truck and park equipment. The fire started in a small room adjoining Mr. Warren's office which was gutted by the time the fire engines arrived. Damage to Mr. Warren's office was principally caused by smoke and water.

A city truck parked in the building was saved by firemen, while a portion of the equipment was lost.

Ottawa Action on Doukhobors Waited

Provincial Proposal For Commission of Investigation Now Before Federal Authorities; Slocan People Urge Halt Be Put to Outrages For All Time

A request from the B.C. Government that a Royal Commission be named to investigate the Doukhobor situation in Canada and recommend a permanent solution is under advisement at Ottawa, Premier Pattullo has been informed by Prime Minister Mackenzie King.

Premier Pattullo wired Ottawa recommending the commission after studying the history of Doukhobor troubles and his talk with Peter Verigin, spiritual leader of the Named Doukhobors, here last week.

Verigin told the Premier he would welcome a commission as a means of getting to the root of the trouble. The provincial government takes the position that the Doukhobor problem is a national affair. Members of the sect are located in several provinces, with large settlements in British Columbia and Saskatchewan. There are approximately 20,000 in Canada, of whom 12,000 are in this province.

At different times over the last two decades, various plans for dealing with the Doukhobors have been talked about here but difficulties have arisen to prevent them being carried out. It has been suggested the Doukhobors be segregated from other inhabitants, or given an island in the gulf.

Nelson, B.C., April 19 (Canadian Press).—English-speaking residents of the Slocan valley today awaited a reply requested from Premier Pattullo.

WAR SCARE IN SCANDINAVIA

Foreign Planes and Ships in Arctic Area Indicate Russo-German Preparations

Oslo, April 19.—Reports of "phantom fliers" in the far north of Norway, Sweden and Finland and secret naval manoeuvres off their strategic coasts brought a wave of "war scare" rumors to Scandinavia today.

The stories of mysterious aircraft flying over little inhabited regions of the north and of foreign warships offshore pointed the opinion of military experts that the area was in direct danger of becoming a theatre of war in the event of a conflict between Russia and Germany.

Military authorities at Bergen, Norway, announced yesterday their investigations had established that four warships, one aircraft carrier, one submarine and one airplane of unidentified nationality had manoeuvred close to the Norwegian coast April 8.

In Oslo, the newspaper Aftenposten openly stated Germany had sent warships to look for possible bases for air and naval operations in the Arctic Ocean, while such a conservative journal as the Stockholm Svenska Dagbladet emphasized the possibility of Sweden becoming a battleground and advocated better defence measures.

Land observers also will take up their posts at that hour, bringing to a climax months of non-intervention negotiations.

About sixty warships from the navies of Great Britain, France, Germany and Italy will begin check of the entire coast line of Spain. The land observers, to be stationed at the French Portuguese and Gibraltar-Spanish borders, will total about 500.

British Vice-admiral Geoffrey Blake had the battleship Hood and the cruiser Shropshire ready today to move in a patrol of the Basque coast.

Rear Admiral Boehm, commanding the German naval forces in Spanish waters, moved his vessels out of Algiers ready to start his nation's role in the sea patrol. French ships "hovered off Spanish Morocco, and Italian ships cruised off eastern Spain."

WILL MAKE REPORTS

Neither the land nor sea observers will be authorized to halt men or shipments bound for Spain, but will notify all governments responsible if any breaches (of the neutrality pact) occur," an informed source said.

Italy and Germany, roughly, will patrol the Spanish government coastline, and France and Great Britain will check the insurgent coast. Great Britain, in addition, will keep watch over the Basque coast on the Bay of Biscay, where she already has sent warships following insurgent threats to British vessels with cargoes for Bilbao, besieged on land and sea.

Land observers detecting passage of contraband are expected to notify the frontier government speedily in the hopes of stopping any smuggling on the spot.

London, April 19.—The government was under heavy fire over Bilbao in the House of Commons this afternoon. The Labor and Liberal opposition parties joined in indignant attack. Questions rattled across the floor with the splutter of a machine gun.

They poured on Foreign Secretary Eden and Sir Samuel Hoare, First Lord of the Admiralty, in turn. Across the turbulent scene flitted the picturesque figure of "Potatoes" (Turn to Page 2, Col. 1)

NEW SCHOOL IN VERNON SOON

Ratepayers Endorse Building Plan; City Provides \$115,000, B.C. \$55,000

Vernon, B.C., April 19.—A \$115,000 school building bylaw today had the endorsement of Vernon voters, settling a dispute which last year caused the resignation of school board members when building bylaws failed to receive support of ratepayers. The building programme calls for construction of a twenty-six unit combined junior and senior high school and a twelve-room addition to an elementary school building. Total cost of the scheme will be \$170,000, the British Columbia government making up the balance. The bylaw was passed Saturday by a vote of 622 to 107.

Noted Airwoman Reported Considering Flight From London With Coronation Films

Canadian Press from Havas London, April 19.—Reports that Mrs. Amy Johnson Mollison plans to fly films of the Coronation May 12 from England to the British Columbia coast by way of Montreal, today were described by her father as "likely correct."

Reports from Montreal said the famous British airwoman was considering attempting the 5,000-mile flight in the plane she had intended to use in the New York-Paris air race later this year. She visited Montreal Saturday.

"Now that there has been a hitch in the Paris race it is likely she has decided to rearrange her programme," Mrs. Mollison's father said.

With all the prominence, even in early times, the Diamond did not escape its share of superstitions. It was considered a safeguard against mania, an antidote for poison and a preservative of virtue. It was used to detect infidelities for, if placed upon the head of one sleeping, it compelled the disclosure of the secrets of the bosom. Modern thinking has placed the Diamond on an even higher sphere, glorifying the natural beauty of the perfect stone as always found in the large selection at

Food Ships in War Test On Spain's Coast

James' skipper of the British freighter Mary Llewellyn.

"It is true the whole Mediterranean fleet is toasting Captain Potatoes Jones?" ironically shouted Ernest Thurlie, Labor, as the opposition roared with laughter.

The freighter Mary Llewellyn attempted to run the blockade into Bilbao with a cargo of food, largely potatoes, for the beleaguered town. The ship was stopped on orders from the British Government.

"Why not send the whole opposition to Bilbao to see whether it is safe," demanded Sir Alfred Knox, Conservative.

THE DEBATE

Rt. Hon. Clement Attlee, Labor leader, declared he found the government's replies to questions unsatisfactory. He gave notice, therefore, that he would raise the question again on adjournment tomorrow night.

SHIPS DETAINED

Why, the opposition demanded, were British ships bound for Bilbao detained at St. Jean de Luz? What right had Gen. Franco to interfere with British shipping on the high seas? What evidence had the government that Franco's blockade was effective?

Mr. Eden said that according to his information mining had recently been intensified, but within territorial waters. He admitted there was some doubt about authority within the three-mile limit, but the government thought it not safe for British ships to proceed to Bilbao. Therefore the warning had been given. Any British ship on the high seas was assured of protection.

Rt. Hon. Walter Runciman, president of the board of trade, replying to a question, said four British ships recently had left Bilbao without interference.

C.N.R. HOTEL OFFICER DIES

George S. Jessup, Assistant General Manager, Died Today in Ottawa

Canadian Press

Ottawa, April 19.—George S. Jessup, assistant general manager of hotels for the Canadian National Railways, died in hospital here today after a short illness. He was fifty-six years old.

Mr. Jessup, native of London, England, came here three years ago after holding important posts in the railway's hotel system at Toronto, Montreal and Winnipeg.

A graduate of London University, he came to Canada as a young man and first entered the railway service in 1911 with the Canadian Northern at Winnipeg, and in 1917 was promoted to the position of chief assistant of the dining and sleeping-car department.

After amalgamation of railways into the Canadian National system the department was transferred to Toronto and Jessup was stationed there until 1923 when the headquarters were moved to Montreal.

In 1930, he became assistant to the general manager of the sleeping and dining cars and hotels department.

He is survived by a widow and two daughters here. Gordon Jessup of Vancouver is a brother.

SAFELY, what is to prevent them going in?" demanded Mr. Attlee, Labor leader.

"The master of a British ship entitled to ask for an escort?" questioned Sir Archibald Sinclair, Liberal opposition leader.

Sir Samuel Hoare replied: "No, sir, shipping is definitely discouraged from proceeding."

This brought ironic cheers from the opposition.

The First Lord of the Admiralty repeated that British warships were under instructions to give assistance to British merchant ships attacked on the high seas. British ships had not been ordered to stay at St. Jean de Luz. They had been advised not to proceed to Bilbao as the naval authorities considered it unsafe to proceed. British naval officials had reported a de facto blockade had been established which appeared effective.

BY MINES AND SHIPS

Comdr. Reginald Fletcher, Labor, asked: "Has the government received a report on the means whereby this effective blockade is being maintained?"

"By insurgent ships and mines," said Sir Samuel Hoare.

The case of the British freighter Thorpehall was brought up. This ship was held up by insurgent vessels off the north coast of Spain April 6. British destroyers answered her call for assistance and escorted her to Bilbao.

Did this now show, Mr. Adamson questioned, that the Admiralty had changed its policy in now turning ships away from Bilbao?

Sir Samuel Hoare: No. It shows we are protecting our ships on the high seas.

Associated Press

France, April 19.—Dispatches from beleaguered Bilbao described a meeting between President Juan Antonio Aguirre and the British consul and vice-consul there yesterday in which the head of the Basque government protested against what he called "Baldwin's blockade" of his capital.

The Basque president told the British representatives that entrances of Las Arenas and Portugalete, the ports of Bilbao, were not mined and that the Basque coast defence guns were keeping insurgent warships many miles offshore.

Madrid, April 19.—Heavy fighting raged on two of the thirteen civil war fronts today in the tenth month of Spain's conflict, while government and insurgent forces appeared temporarily deadlocked on other fronts.

Government troops pushed a vigorous offensive in the Teruel sector, seventy-two miles northwest of Valencia and 150 miles east of Madrid, seeking to cut off Gen. Francisco Franco's deepest thrust into government territory.

In the rich mining region of Cordoba province, south of the capital, attacks and counter-attacks followed in rapid succession as insurgent forces desperately tried to drive back government troops from Mountain positions they had seized commanding the vital highway northwest of Cordoba City.

LINE ADVANCED

Insurgent attacks were repulsed, reports from Andujar declare, and government counter-attacks pushed forward nearer the provincial capital.

Fighting in the Madrid sector centred around Gen. Jose Miaja's efforts to starve out the insurgent garrison surrounded in University City, on the capital's northwestern outskirts.

All efforts of insurgents in nearby Casa de Campo failed to get food supplies to their 3,000 besieged colleagues.

Madrid suffered another severe shelling Sunday that killed several persons and wounded more than a score.

WOMAN SLAIN; HUSBAND HELD

Santa Cruz, Calif., April 19.—Mrs. Alice Boggs died today from bullet wounds police said were inflicted by her husband, Allen D. Boggs, early Saturday, when he assertedly mistook her twelve-year-old son for "another man" in her bedroom.

District Attorney Benjamin Knight immediately announced he would bring a first degree murder charge against Boggs, fifty-three, who was a United States army officer during the World War. Boggs was arrested.

Mrs. Boggs, who was married to Boggs in 1929 after a divorce from Dan Renear, former chief inspector of Nevada's state police, succumbed to wounds in her chest and abdomen.

The son, Danny Renear, saw his mother, for the first time since the shooting, a few hours before her death.

The shooting took place at the house of friends of Mrs. Boggs.

Officers said Danny told them Boggs then tried to commit suicide, but the gun "jumped" and the bullet went high.

German Guns Near Gibraltar

London, April 19.—Gun emplacements along the coasts of Spanish Morocco threaten free passage of ships through the Straits of Gibraltar, the London News-Chronicle's correspondent at Tangier reported today.

Counting more than sixty large calibre guns along Spanish Morocco's Mediterranean and Atlantic coasts, many of which are concentrated at Ceuta, directly across from Gibraltar, the correspondent said fortifications built and planned constitute "Germany's Maginot Line in Morocco."

"Germany's miniature Maginot Line in Morocco," the correspondent wrote, "when it is finished will run from Cape del Agua and the Zarrar Islands to Benozur and Ksar Seghir, opposite Gibraltar, and on the west coast from Arzila to the neighborhood of Larache. There is no longer free passage to the Straits of Gibraltar."

"At Benozur, directly opposite Gibraltar Bay, a new German 405-mm (approximately sixteen-inch) has been installed, and its capabilities severely tested."

"Outside Benozur on Punta Blanca, German engineers have installed a battery of three smaller guns made for the Spanish navy by Vickers. The straits are also menaced from Ksar Seghir, which lies between Benozur and the Tangier international zone."

The city of Ceuta, less than twenty miles due south across the strait from the rock of Gibraltar, the correspondent reported, "is now a fortress."

"The Spanish zone," he wrote, "is overrun by German engineers and agents, most of whom now and then penetrate the French zone to carry on their propaganda. Two typical agents are Herr Kremer and Col. Strauss."

to settle strikes peacefully and set an example to a bewildered world.

PERIOD OF LOSSES

"Every strike is an economic loss. No strike can be won without violence. We have the example of Spain, where they don't seem able to settle their differences except by bloodshed."

"This government is sympathetic with Labor and provides the necessary machinery to settle differences which might exist between Labor and capital."

Inability to settle the present differences at Oshawa, he said, was the means to transfer export business from there to the American plants of General Motors.

GIVEN "PITTANCE"

"It may be true that the men are being handed out a pittance by the American organization to stop them from starving, but they will never entirely regain the ground, so that not all those men will again be employed," he said.

He felt he was "safe in saying" that as soon as the Oshawa strikers manifested a desire to return to work, General Motors would open their plant immediately.

"As far as the C.I.O. is concerned," he reiterated, "the government is determined to fight inroads of these people to the finish. We are not going

Miss Keller, blind and deaf since birth, turned the gift over to the fund for relief of Japan's blind.

Clothing Firm Changes Hands

The Semi-Ready Store at the corner of Douglas and View Streets, has been purchased by Samuel Klausner of Vancouver.

Mr. Klausner, who is widely known in clothing trade circles on the mainland, acquired the business from Harry Webb.

The Semi-Ready firm, popular among Victorians for the last twenty-

years, will be under the management of R. Lancaster, who has had

long experience here in the clothing business.

"Our policy will be to maintain the high standards of quality for which the Semi-Ready Store has been noted in the past," Mr. Lancaster stated this morning. "In our buying the two important factors governing our selections will be quality and style. Em-

phasis will be placed on imported British woolsens, and many of the lines we shall carry will be exclusive with us."

The premises will shortly undergo alteration and redecoration, and an even more extensive stock of high-grade merchandise will be installed.

A first-class made-to-order department is now in operation, offering tailoring of the highest quality for men who dress smartly.

Albertan Loses Confidence Game

Associated Press
St. Paul, Minn., April 19.—Joseph Chocrek of Orion, Alta., took a chance to win \$200 by betting \$65 with two penny-matching strangers yesterday. Chocrek is out the \$65.
He told St. Paul police he met a man and began a conversation with him. As they talked, he said, they walked. Another man walked up and the first man introduced him to Chocrek. The three began matching pennies, then quarters and finally \$5 bills.
Chocrek told police he was getting along pretty well and, when the second man showed him a roll supposedly containing \$200 and offered to stake that against the Albertan's roll, they matched. The stranger won and pocketed the \$65. Then Chocrek's erstwhile "friend" walked quickly away.
After thinking it over, Chocrek decided to tell police about it.

TRAILER ADVENTURE

by Nard Jones
© 1937, NEA Service, Inc.

BEGIN HERE TODAY

MARTHA BRITAIN and BETTY HAYES picked up the Airtel, hand-some young hitch-hiker, on their way to the west coast to demonstrate the new Airtel trailer. At the Long Beach auto camp, where Neal was to meet a friend, one JACK SPEDDON, Neal disappeared from the trailer and Speddon abducted Betty.
Martha again meets Neal and agrees to return to San Francisco with him to search for the missing trailer. Martha has fallen in love with Neal, despite the fact she does not know whether she can trust him. In San Francisco, Martha finds that neither Betty nor Speddon are registered at the hotel designated for their meeting. Instead, Martha gets a letter, presumably from Betty, explaining that everything is all right.
But Martha is increasingly disturbed. She wants to tell Betty, but Neal tells her this move might mean Betty's death. That night Neal tells Martha he loves her, hints that if she didn't love him, she would have turned him to the police long ago. And the next day, on route north with Neal, Martha suddenly swerves her car into a ditch, where Neal is asleep, and tells the attendant that Gerry must be arrested.

NOW GO ON WITH THE STORY

CHAPTER XV

The burly attendant took one look at Martha's pretty, troubled face, and need no further encouragement. In a swift movement he reached beneath the cash register and brought out a revolver. Three long strides and he was at the side of the coupe, swinging open the door.
"Come on," he said, nudging Neal's shoulder. "Get out of there!"
Neal stirred drowsily, then opened his eyes, found himself staring into the ominous barrel of the station attendant's revolver.
"What's the idea?" He sat up straight, looking first at his assailant, then beyond at Martha Britain.
"What is this, a joke?"
"No," the husky young attendant mentioned. "I said get out of there, and it isn't any joke." He spoke over his shoulder to Martha. "You better call the police station. I can't leave here or I'd take him down for you."

Neal's eyes widened unbelievably. "Police station? Look here—"
"No back talk, buddy. Hold quiet a minute." A huge hand tapped the bulge of Neal's coat pocket, drew out the revolver he had taken from Martha's coupe. "Now just sit down on the running board there while the lady phones for a nice big taxi."

His expression, his manner, with astonishment, Gerry Neal dropped ignominiously to the running board of the coupe. He saw Martha taking down the receiver of the telephone inside the glass enclosure beyond the gasoline pumps. "See here, you fool, that girl has misled you. You've no right to—" "But—" the attendant interrupted. No doubt about it, he was enjoying himself as he had never enjoyed himself before. In his excited brain danced sweet visions of newspaper headlines, maybe a reward for capturing a dangerous criminal.

Neal fell silent. Though he was inwardly raging he knew now that he was helpless. This giant idiot would listen to reason—and Martha had already telephoned the police. Casually he asked his captor's permission to reach into his pocket for a cigarette. Instead, the younger man inserted one of his own between Neal's lips and lighted it. "I'm not," he explained, "taking any chances."

It seemed to Martha that she had hardly turned from the telephone when a siren-screaming police car rolled into the station lot. She was grateful for the dispatch of Eureka police because, to her annoyance, she

found she could not face Neal's ironically amused gaze. "How he must despise me!" she thought—and then added quickly: "Suppose he does, I'll never see him again."
She was taken aback, however, when one of the officers reminded her that she must come to the station with them and prefer charges against Neal. In her excitement this contingency had not occurred to her. She was grateful when two officers took Neal—thoroughly handcuffed—into the back seat between them, allowing her to sit with the driver.

The desk sergeant, under the impression that he was facing speeders or roisterers, yawned prodigiously as they entered the room. But a word from the officer made him sit straighter. He looked hard at Martha.

"What's your story?"
Quickly she told him, avoiding Gerry Neal's eyes. She began with the day she and Betty got the job with the Airtel Trailer Company, and showed her letters from Arnold Sloos. She told of Betty's disappearance with Speddon, and how Neal had insisted upon accompanying her.

When she had finished, the desk sergeant turned to Neal. "What have you to say about this?" he shot out. "Nothing," Neal said quietly. "I think Miss Britain has told you the whole story."

The sergeant returned his keen glance to Martha. "I'm a little confused as to how you connect up this man with the disappearance of your friend, but—"

"I'm sure he's connected with it in some way!" cried Martha desperately. The officer shrugged. "We can send out a description of Miss Hayes and this Speddon and the car in which they were last seen. As for this man here, I'll be glad to see that he doesn't annoy you further. There's also the little matter of a permit to carry a revolver."

"Then I may go?" asked Martha, trembling.

"Yes—Breen, take the young lady back to her car, will you?"

She still avoided Neal's eyes, and as she left the room with Officer Breen she half expected to be called back by the prisoner. But Gerry remained silent.

When she returned to the gasoline station to reclaim the trailer and coupe she found the burly attendant waiting expectantly. "What happened, lady? What are they going to do with him?"
"I don't know," Martha said. "At any rate, they're going to hold him—and I can go on in peace. How can I thank you enough for helping me?"
"Gosh, that's all right." He grinned engagingly. "Just part of the company's service, like washing the windshield or putting air in your tires."

Martha had answered the burly attendant's smile, but as she drove out of Eureka and on up the smooth, wide highway, she felt little enough like smiling. She had imagined that she would be relieved beyond words to be rid of Gerry Neal with his seemingly misleading advice, and his egotistical palaver as to what she felt for him. But somehow it was very lonely driving the little coupe with the trailer swinging behind. It was a loneliness growing from more than Neal's absence from her side. She realized that now she had no advice in the world, good or bad. There was no one now to whom she could turn.

BINGO CHARGES IN VANCOUVER

Four Persons Before Court After Raids By Police

Canadian Press
Vancouver, April 19.—Four persons, including one woman, today faced charges of conducting a lottery, and police held almost 2,000 cards and other paraphernalia following the first action of city authorities against the operation of "bingo" games here.

After a warning by police that the games would be considered illegal here, detectives Saturday night swooped down on two alleged bingo clubs, arrested G. W. Cranham and William Morley in one establishment and Mrs. Nora McDermott and Peter McPayden in another. All paraphernalia in the establishments was seized. Cranham and Morley were released on their own recognizances and Mrs. McDermott and McPayden were freed after posting \$500 in bonds each.

MEDIATION IN SPAIN URGED

Independence of That Country Is France's Desire, Says Foreign Minister Delbos

Canadian Press from Havas
Carcassonne, France, April 19.—Mediation in the Spanish civil war, to guarantee Spain's independence, and strict enforcement of non-intervention are among the keystones of France's foreign policy, designed to safeguard world peace, Foreign Minister Delbos declared in an address here yesterday.

M. Delbos stressed in talking to young Radical Socialists that real and lasting peace was the aim of the "three great democracies"—France, Great Britain and the United States. These democracies, he said, "threaten no one and do not claim to impose their doctrines."

M. Delbos outlined the guiding principles of French foreign policy as follows:

1. Restoration of the power of the League of Nations, through regional pacts and by abandoning the principle of unanimous assistance against an aggressor;
2. Strict enforcement of non-intervention in Spain, withdrawal of all foreign volunteers, and mediation to secure Spanish independence;
3. Co-operation among the three great democracies to safeguard peace;
4. Maintenance and development of present friendships, mainly with the Soviet Union, Poland and the Little Entente (Czechoslovakia, Yugoslavia and Roumania), and the establishment of new links of friendship with all nations, on condition that the new pacts do not threaten existing accords;
5. General reduction of armaments. To begin with, France will propose at the next session of the Disarmament Conference bureau full publicity for, and control of, armaments and manufacture.
6. Gradual co-operation among the peoples of the world, which Premier Paul Van Zeeland of Belgium is now attempting to secure.

Antarctica is now regarded as one continent, not divided by a strait as was formerly thought likely.

Young Woman Slain; Man Held

Tania Lova, Violinist, Killed in New York; Booking Agent Questioned

Associated Press
New York, April 19.—A theatrical booking agent was taken into custody today for questioning as police tried to solve another of New York's spectacular homicides, a hammer murder in a rehearsal hall within earshot of the incandescents of the "bright lights" district.

The victim, who used the name of Tania Leo Lova, was of the theatre, and it was in theatre atmosphere she was found fatally bludgeoned yesterday. She was scheduled to appear in a Toronto night club.

Upstate, Mich. Ross, thirty, was found at the home of his father-in-law, a former police chief. Apprehended at Mountaineer by a state trooper, Ross was to be brought to New York for questioning.

A concert violinist, Miss Lova, legally Julia Mussenbaum, twenty-five, of Bridgeport, Conn., was found unconscious in a rehearsal room, her head bloody from hammer blows. She died shortly after. Near her when she was found was the instrument with which she was beaten.

Smudges against the wall led investigators to believe the woman had been pinioned against it while her attacker struck her.

In the woman's purse was a contract to play for two weeks at a Toronto night club with her partner, Maria Montiglio, who plays the accordion. Illness of the latter prevented their leaving New York in time to appear there.

Keep that BALANCE

Whether you're a gymnast, or a tobacco blender, you must keep your balance, or else —!

The balanced blending of tobaccos gives that natural, straight tobacco aroma and taste so marked in Imperial Tobacco's brands of cigarettes. Their aroma appeals as soon as you open the package... you just know they are naturally good! Then touch your tongue to the end of the cigarette before you light it, and draw slowly. Savour that delightful taste, born of fine tobaccos, and only fine tobaccos, skilfully blended and in balance.

We take from our cool, airy warehouses, mild tobaccos of different and contrasting types, aged and mellowed by time, and then match them, type against type—until they are exactly in balance—perfectly blended.

Balanced blending is a scientific method developed by this company through many years of experience. The blend of every Imperial brand of cigarettes is perfectly balanced before it is offered to the public and it is kept that way—always—so, in the cigarette of your choice you are assured of unvarying pleasure and unflinching satisfaction.

MASQUERS WIN ANOTHER CUP

Popularity Trophy at Drama Festival Goes to "Old Lady Shows Her Medals"

It was not surprising that the popularity trophy in the recent Drama Festival should be awarded, by members of the audience, to the Masquers of Vancouver for their presentation of Sir James M. Barrie's "The Old Lady Shows Her Medals."

The award was announced Saturday, following the finals of the junior section, by the scrutineers, who were Col. H. T. Goodland, representing the Canadian Club; Alex Peden, representing the Rotary Club, and R. M. Williams of the Kiwanis Club.

The Masquers won three of the major cups in the festival. Their play was awarded the Times Cup for the finest presentation of the festival and their leading lady, Miss May Fletcher, was named the best individual actress of the week for her portrayal of the role of Mrs. Dowry.

"The Purple Cow," by Reby Edmond of Victoria, presented by the Russian Ballet School, under the direction of Vivien Coombe, won second place in the opinion of the general public. Third was "A Midsummer Night's Dream," by a group from St. Margaret's School; fourth, "Between the Soup and the Savoury," by the Shamrock Players; and fifth, "Crucifix Lane," by Muriel Thompson of Victoria, who wrote under the pen-name of Constance Gilmour.

Last year Miss Thompson's play, "Cromwell's Chair," won the senior award and the popularity cup, and she was awarded the authorship cup in the senior section.

Western School of Dancing Wins Pattullo Cup; Mary Paterson Best Individual Actress; Enid Cole Wins Authorship Cup

The Pattullo Cup, emblematic of superiority in the junior section of the Sixth Dramatic Festival was awarded Saturday afternoon at the Shrine Auditorium to the Western School of Dancing for its presentation, under the direction of Dorothy Cox of "Raggedy Ann," adapted by Johnny Grielle from the original story.

Mary Paterson was awarded the best individual actress cup. The second best individual actress was Ann Crowther.

Enid Cole won the authorship cup in the junior section for her "Jimmy Takes His Medicine," which was presented by the Peter Pan Players.

There was no award for the best individual actor, H. S. Hurn and Fraser Lister, the adjudicators, remarking that there were only two boys in the entire afternoon's plays, as against fifty-five girls. Mr. Hurn, it may be mentioned, was judged best individual actor of the Drama Festival for his part in "Crucifix Lane."

"THE WHISKER"

Second place Saturday was given to the Junior Shamrock Players, who presented "The Whisker," and third place was taken by St. Margaret's School; fourth, "Between the Soup and the Savoury," by the Shamrock Players; and fifth, "Crucifix Lane," by Muriel Thompson of Victoria, who wrote under the pen-name of Constance Gilmour.

Last year Miss Thompson's play, "Cromwell's Chair," won the senior award and the popularity cup, and she was awarded the authorship cup in the senior section.

Stamp News

BY I. S. KLEIN

Delaware has petitioned the U.S. Post Office Department to issue a stamp in its honor, as the first state to ratify the constitution.

With the arrival of the new twenty and fifty-cent trans-Pacific stamps, the twenty-five-cent value will be dropped. So get your twenty-fives now from the philatelic agency at Washington, or you'll have to pay a premium later.

A new special delivery stamp is being designed for the Philippines, and a permanent airmail issue is planned. The present special delivery is a product of 1906. The tentative design for the airmails features a "flying timarau," or carabao, Philippine beast of burden.

France may issue a special stamp in honor of Jean Mermoz, French pilot lost on his flight across the South Atlantic.

Sale of the King Constantine memorial stamps of Greece has been discontinued. There are two values.

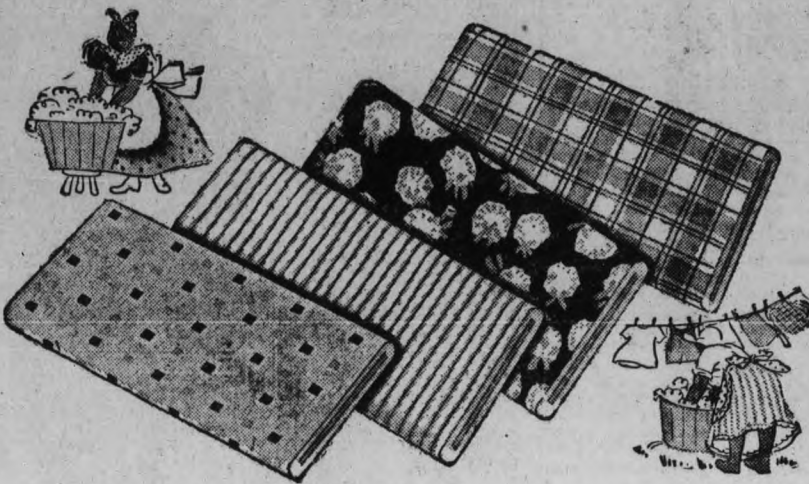

A portrait of Mrs. Charlotte Gar-rigue Massey, late American wife of Czechoslovakia's first president, will appear on one type of this year's "children's stamps" issued by that country. Another type will bear the portrait of Bobena Mencova, famous Czech woman novelist.

C. P. DEYKIN IS PARTY CHOICE

Named to Contest Cowichan-Newcastle Riding For Conservatives

Ladysmith, April 19.—The Conservative candidate for Cowichan-Newcastle riding is Clement Pemberton Deykin.

At a nominating convention Saturday afternoon sixty-seven delegates chose Mr. Deykin to carry the party standard. Ernest Jamieson also stood for the nomination.

Dr. Frank Patterson, Conservative leader, spoke hopefully of the party's chances. He thought all nominees had an even chance of election.

Mr. Deykin, the candidate, has lived in Duncan for the last three and a half years. He went there from Fort George, having been a resident of British Columbia for twenty-nine years.

Scouting Notes

The meeting of St. Mary's Troop, Boy Scouts, was opened Friday evening by Duty P.L. Pierre Berton, followed by inspection. Announcement was made of the plans for Coronation Day, particularly concerning the torchlight procession and beacon fire at Uplands Point. It was also announced that seven members of the troop were successful in passing for the foresters' badge, in connection with the course recently given by the forest branch. Those who passed were: Ken Schaff, Walt Wickson, Fred Gornall, Larry Prowd, Tom Clark, Bob Doe and Ted Clay-ards. Scout Herbert Morrison received his second class badge and two-year service star, and Scout Don McKechnie his three-year star. Two lively circle tag games were first run off and were followed by the usual instruction period in the dens. A game of "Captain Kid" followed this and then the troop was given some stave drill to prepare for the coming activities on May 12. During

the evening District Commissioner J. Wise paid a visit and complimented the troop on the good showing it made in the forestry course. After the troop meeting there was the usual patrol leaders' meeting.

NORTH QUADRA TROOP

A new patrol, the Lions, was organized by North Quadra Troop Boy Scouts Friday night. Doug MacArthur was made patrol leader and Cormie MacArthur was made second. Several of the boys were taken from other patrols to build up the Lions.

Four boys received their second-class badges, Jack Graham, Cormie MacArthur, Bob Gornall and Doug MacArthur.

Dr. Murray Anderson is teaching the boys St. John's Ambulance work. A recruit, Gordon Rolla, attended and it is hoped to have others join soon.

Thanks are extended to all Guides, Scouts, Rangers, the band, and other artists who helped to make the concert at Quadra School on April 9 such a success.

Byron Johnson In Field Again

Byron "Boss" Johnson, representative of Victoria in the Legislature

since 1933, will again offer himself for the Liberal nomination at the forthcoming provincial election.

For business reasons Mr. Johnson had thought of standing down and not seeking a second term but he has been asked to allow his name to go up for nomination again and has consented.

Mr. Johnson headed the poll in the 1933 election. He and Hon. John Hart, Minister of Finance, were the two Liberals elected for the riding. Mr. Hart will also stand for another term.

Girl Guides Off To Coronation

Canadian Press
Vancouver, April 19.—Mary Moxon and Daphne Smithson, Vancouver Girl Guides chosen to attend Coronation ceremonies in England as British Columbia members of the Canadian Girl Guides Coronation contingent, were on their way to London today.

Miss Moxon and Miss Smithson left here Sunday night. They will be the only British Columbia representatives in a group of thirty-two Canadian girls which will be entertained in England by the British Girl Guides Association.

For Coronation

The Coronation had created a problem for London hairdressers that American coiffeurs will not have to face—designing hair dress for the princesses who will wear coronets at the ceremony. If any of the noble ladies are attractively blonde, they will not doubt want to look as pretty as the model above.

Popular Pair Married in Vestry

Miss Mary Wilson Is Bride of Alan Le Marquand

In the vestry of the First United Church on Saturday evening at 8 o'clock, Rev. Dr. W. G. Wilson united in marriage Mary Cunningham, youngest daughter of Mr. and Mrs. W. Wilson of 247 Ontario Street, and Mr. Harry Alan Le Marquand, youngest son of Capt. and Mrs. G. Le Marquand of "Rozel," the Uplands.

Given in marriage by her father, the pretty bride wore a gown of peach-colored georgette, fashioned on princess lines, with a short coat of the georgette buttoned down the front and finished with a full peplum at the back. The waistline was girdled in peach-colored velvet, and her hair was of taffeta and net to match, trimmed with pale blue forget-me-nots and tied at the back with a bow of blue velvet. She carried a shower bouquet of Ophelia roses, sweet peas and white carnations.

Miss Genevieve Liddle, the bridesmaid, wore a gown of pale blue georgette, fashioned on Grecian lines and encircled at the waistline with a sash of pale blue and pale pink georgette, and made with extremely full sleeves. She wore a floral panache hat of fresh pale pink sweet peas and pink gloves, while her colonial bouquet was composed of pink rosebuds, forget-me-nots and sweet peas. The bridegroom was supported by Mr. Reginald Wenden. At the conclusion of the marriage service, an informal reception was held at the home of Mr. and Mrs. G. Liddle, 4 Boyd Street. The guests were welcomed by Mrs. Wilson, wearing a gown of navy blue triple, sheer with yoke and sleeves of georgette appliqued with triple sheer, a large blue hat with crown of pink sweet peas, and a corsage of pink roses and mauve sweet peas, and by Mrs. Le Marquand, dressed in a navy blue gown with matching hat and a corsage bouquet of pink roses and sweet peas.

The rooms were gay with plum blossoms and daffodils, and during the reception the bride party stood in the bay window embrasure, which was transformed into a floral bower. Refreshments were served from a table centred with a handsome wedding cake, flanked with vases of sweet peas and tall lighted pink tapers in silver holders.

Mr. and Mrs. Le Marquand left on the midnight boat for Vancouver to spend their honeymoon on the mainland, and on their return will make their home on San Juan Avenue. For traveling the bride donned a smart tailored suit of navy blue, with which she wore a hat and other accessories in the same shade.

Mr. and Mrs. Ivan Shearer of Forks, Washington, brother-in-law and sister of the bridegroom, were the only out-of-town guests at the wedding.

Weddings

AUSTIN—PAUL
Alberni—A quiet wedding took place yesterday (Sunday) at the family home on Latham Road, when Rev. A. McLean united in marriage Mary, youngest daughter of Mr. and Mrs. Allan Paul, and Mr. William Robert Austin of Youbou, V.I., elder son of Mr. and Mrs. Fred W. Austin of Alberni. Mr. T. F. Austin supported the groom.

Spring flowers made a pretty setting, the bride wearing a princess gown of ivory satin, the shirred bodice showing a V-neckline outlined with large white camellias, and mounted with an Elizabethan collar and the long sleeves terminated in pointed cuffs. She wore a double coronet of orange blossoms and carried a shower bouquet of white carnations and Rapture roses. She was given away by her father.

Miss Melva Gilmore, niece of the bride, was the maid of honor, and wore a frock of green taffeta, fashioned with a shirred waist line, full skirt, short puff sleeves and a cowl neck. She wore a wreath of pastel shaded flowers and carried a bouquet of iris.

The wedding cake was cut by the bride's sister, Mrs. A. Gilmore, with her great-grandmother's cake knife, and was served by Mrs. E. Allen. Mr. and Mrs. Paul left for a motor trip to Banff and Calgary, and on their return will make their home at Youbou. For traveling the bride wore a blue tweed top coat over a smart dress of royal blue satin-backed gabardine, with navy Breton sailor hat.

Linen Shower For Solarium

The Women's Auxiliary to the Solarium have arranged to make their annual appeal for linen donations to be received through the leading stores, on April 29 and 30, and May 1. The Solarium is greatly in need of single bed and cot sheets, draw sheets, pillow cases and towels for the children's use, and for bedspreads for the nurses' home, but any gift suitable for use in the institution will be most gratefully welcomed. Mrs. Wm. Peden is acting as general convener.

At Coronation Concert

Many wealthy commoners leave their children's entertainment to governesses and tutors, but not Queen Elizabeth. She is seen above with her daughters, Princess Margaret Rose and Princess Elizabeth (right), at Central Hall, London, where they attended a coronation concert for children. Note the simplicity of their attire although they were honored guests at the function.

Society

Mr. and Mrs. G. Deavey, Tweedmuir Apartments, left last week by motor on a trip through the States and Mexico.

Miss Doreen Ashburnham has returned to her home at Cowichan Lake after spending a few days with Mr. and Mrs. H. B. Forester, Hampshire Road, Oak Bay.

"Y" Girls at Week-end Retreat

Council Plans for Coronation Banquet; Camps

A council retreat was held by the Y.W.C.A. Girls' Council over the week-end at a delightful summer home, that was generously lent to the girls. The programme for the week-end was primarily to evaluate the work done by the girls' department during the past winter, and make new plans for the spring and summer.

During Saturday evening much discussion ensued regarding the winter's programme, the girls feeling that their council aims had been carried out quite satisfactorily, and that a new aim should be added, making the aims of the Y.W.C.A. Girls' Council as follows: To foster a spirit of loyalty to the Y.W.C.A., and to the principles for which it stands.

To encourage co-operation and understanding among the groups which comprise the girls' department.

To sponsor interdepartment functions and the monthly publication of the department paper, Y-Ways.

To study additional needs in the department and present same to the girls' committee.

The regular council meeting was held Sunday morning, the main item of business being plans for the spring banquet. It was decided to have a Coronation banquet on Thursday, May 6, with a toast-mistress and toast list. It was also decided to have several musical items, and Mrs. H. P. Hodges will be the speaker.

Plans for a summer camp were discussed. The Vancouver Y.W.C.A. camp at Galliano Island was described. This camp gives an opportunity to juniors, intermediates and seniors to enjoy a supervised girls' camp at moderate rates. It is hoped many Victoria girls will take advantage of this opportunity.

During July a camp for senior girls is to be sponsored by the Victoria Association at Glen Lake. This camp will be of an informal nature, and will make week-end trips to the camp possible for business girls.

Christian emphasis in the Y.W.C.A. was the topic for the Sunday afternoon discussion. This was preparatory for the Victoria girls' part in the provincial regional conference of the Y.W.C.A. at Camp Phipps on Gabriola Island May 24, week-end.

Besides the discussion part of the week-end the girls went for beach rambles and enjoyed the comfort of the easy chairs and open fire. A feeling of happy comradeship permeated the whole week-end.

Evelyn Waugh, Novelist, Weds

Associated Press
London, April 19.—Evelyn Waugh, British novelist and satirist, was married Saturday to Miss Laura Herbert, and cousin of Lord Carnarvon, noted sportsman.

Waugh is thirty-three and the bride twenty. Among the writer's books are "Edmund Campion," "Handful of Dust," "Ninety-Two Days" and "Black Mischief."

Nearly two hundred guests took tea at the Empress Hotel Saturday afternoon. With some of them claiming New York as their home city, and others from as far south as Los Angeles and the Pacific liner Empress of Canada in port, and noticeably increased tourist travel, the rotunda assumed a very cosmopolitan atmosphere.

A goodly crowd numbering two hundred and fifty was in attendance at the Empress Hotel supper dance Saturday night. Billy Tickle's orchestra again featured up-to-the-minute swing tunes for his dance-loving patrons. The new hit this week were "He Ain't Got Rhythm" from "On the Avenue," "Blue Hawaii" from "Hawaiian Wedding," and "Mr. Ghost Goes to Town."

Miss L. Coldwell held a miscellaneous shower at 1644 Gladstone Avenue, the guest of honor being Miss Agnes Roe, who is to be married here this month. The table was beautifully centred with a silver basket of daffodils and tall yellow candles in silver tapers. A prettily decorated basket containing the gifts was brought in by Miss E. Roe and Master P. Sinclair. Prizes for games were won by Mrs. S. A. Emery, Mrs. R. Dunnett and Mrs. J. P. Morgan. Guests of the evening were Mesdames Roe, Huggitt, Laird, Morgan, Brown, E. F. Coldwell, Denoff, Lindley, Dunnett, Sinclair, Emery and M. S. Coldwell, and Misses Agnes Roe, Agnes and Grace Stevenson, Elvora Denoff, Margaret Roe, Margaret Cane, Emma Roe and E. Huggitt.

In honor of Miss Anne Sherwood, daughter of Mr. A. R. Sherwood, Quadra Street, whose engagement to Lieut.-Commander A. C. Wurtele, R.C.N., is formally announced, Mrs. F. R. W. Gow was hostess to the wives of the naval officers on Friday afternoon at her home on Munro Street. White arabis, white narcissi and white tulips centred the tentable, at which Mrs. Maurice A. Wood presided and was assisted by Mrs. R. A. Wright and Miss Pamela Beard. The invited guests were Mrs. C. T. Beard, Mrs. Eric Oland, Mrs. H. Read, Mrs. L. Stephens, Mrs. H. W. S. Souley, Mrs. J. W. Knowlton, Mrs. J. C. Edwards, Mrs. M. A. Wood, Mrs. Nelson Lay, Mrs. Kenneth Adams, Mrs. R. A. Wright, Mrs. H. R. Tingley, Mrs. E. P. Tisdall, Mrs. Thomas Evans, Mrs. A. R. Brown, Mrs. A. R. Her real name is Rose Louise Hovick, and she was born in Seattle twenty-three years ago.

Drama Festival Is Costly

Dominion Trials
Cost About
\$20,000 to Stage

By GUY E. RHOADES
Canadian Press Staff Writer
Ottawa, April 19.—Finals of the Dominion Drama Festival, starting here a week from today, will represent an investment by various organizations and individuals of about \$20,000. That will cover, among other things, the cost of bringing some of the nineteen competing companies here, staging their plays and paying for regional and final adjudication.

When the curtain closes on the six-night competition the festival will be "in the red." It has been in the red at the end of every one of its four previous seasons, but wealthy patrons of the amateur stage act as its angels and pull it out again.

Biggest single expense, part of which will be defrayed by the festival itself, will be bringing two Vancouver casts here, the Vancouver Little Theatre in Neil Grant's "The Last War" and the Strolling Players in an excerpt from "The Barretts of Wimpole Street."

The Strolling Players will get \$600 from the festival to help defray their expenses, but the Little Theatre will get nothing.

The festival makes grants to winners of regional festivals to help pay traveling expenses. The total of \$2,000 is divided on a sliding scale between the regions, depending on their distance from Ottawa. Ontario groups are omitted.

In addition the central committee pays \$2,200 for the feed and traveling expenses of the regional adjudicators, this year George de Warfaz of London, and \$1,000 for those of the final adjudicator, Michael St. Denis this year, first in which a native of France has judged the festival.

Twenty-five Years Ago Today

April 19, 1912
(From The Times Files)

Although Hon. W. J. Bowser is acting Premier during the absence of Mr. McBride from British Columbia, he is not wearing the purple of all the first minister's dignities. The temporary holder of the portfolio of mines is Hon. Thomas Taylor, Minister of Public Works and Railways. This is what might be called a fair division of labor between the Attorney-General and Mr. Taylor.

For the sum of \$50,000 the provincial government has bought property of Mr. Smith, deputy Minister of Finance. The property is located at Government and Superior Streets, being 110 feet on Government and 120 feet on Superior Street.

Making her first trip as an oil burner, the C.P.R. steamer Princess Victoria, Capt. Hickey, which has been laid up for the past three months, will leave port tomorrow morning for William Head quarantine station to take 480 Chinese to Vancouver.

A charming wedding was solemnized at St. John's Church, Duncan, at noon on Wednesday when Miss Jean Orr and Mr. W. T. Williams, both of Victoria, were united in marriage by the Ven. Archdeacon Scriven.

The sentiment in favor of seeking incorporation for the settled portion of Esquimalt district has determined a committee of the residents to commence the necessary steps towards incorporation so that a scheme of definite shape may be ready for presentation to the executive council.

Major Ball Clubs Confident on Eve of Play

Two Games Today Precede General Opening Tomorrow

Pilots Steeped in Optimism As Teams Prepare to Start Long Grind

New York Clubs Lead Rankings

By SID FEDER Associated Press
New York, April 19.—The first divisions on both sides of the big league baseball fence are going to be crowded when they post the final standings next September.

Making their pre-battle statements a few hours before the curtain lifted on the 1937 season today in Washington and Boston, the managers, with a few exceptions, figured their respective clubs couldn't miss one-two-three-four.

Even those old feudists, Burell Grimes and Chuck Dressen, were carrying the torch in a big way for their Brooklyn and Cincinnati outfits. Rogers Hornsby, shrugging off the hopeless outlook of the "experts," saw his St. Louis Browns even as high as fourth.

"Cincinnati may surprise and crash through to the top," said Dressen.

"With the breaks, the Brooklyn may be right up there—and you can tell Dressen I said so," was the "feed box special" from Grimes.

Generally, however, the Yanks, Indians and Tigers, with either Washington, Boston or Chicago as the fourth outfit, were figured to cut the American League share of the series lemon next fall, while the usual quartette of New York, Chicago, Pittsburgh and St. Louis was augmented

Yankees-Cards Are Favorites

Associated Press
New York, April 19.—The world champion New York Yankees and St. Louis Cardinals are the choices of the sports writers in major league cities to win the baseball pennants this year.

In spite of the fact they topped the National League in 1936, New York's Giants run a bad second to the Cards in the annual Associated Press poll.

Figuring perhaps on another good year by Dixie Dean and considerable aid from Lon Warneke, sixty-two writers picked the Cards for first place while only twenty-eight picked the Giants.

In the American eighty-seven votes were cast for the Yanks or

win, ten for Detroit Tigers and nine more were scattered among three other teams.

by Dressen's decisive vote for his Reds in the National League dog-fight.

PLAY TODAY

Bucky Harris, whose Senators tangle with the Athletics in Washington on today's get-away programme, made no bones about it—"From the time President Roosevelt throws out the first ball here, you can look for us to be a real contender."

In Boston, both Bill McKeehan of the Bees and Jimmy Wilson of the Phillies, rival managers in the morning and afternoon patriots' day games which comprise the curtailed opening National League card, refused to go out on the limb with any predictions.

From New York, where the curtain doesn't lift until tomorrow's seven-

game programme throws all but the Bees and Phils into action, the champion pilots—Yankee Joe McCarthy and Giant Bill Terry oozed confidence.

MCCARTHY DEFINITE

"The Yanks won't fly nineteen and a half cents last year and it's the same club of Yanks," said McCarthy. "I think Cleveland is the most dangerous opposition, but the club that beats the Yankees wins the pennant."

"With our infield, pitching and batting improved," said Terry, "I don't see how we can miss."

Mickey Cochrane, with himself and Hank Greenberg back in the Tiger line-up, saw his Detroit as "the best defensive club in the American League." "I don't see how we can miss fighting the Yanks right down to the wire, and possibly beating them out."

Steve O'Neill, burly boss of Cleveland Indians, had something to say about that battle, however, offering a prayer only that the four newcomers, Lyn Lary, Julius Solters, Earl Whitehill and Ivy Paul Andrews produce.

WESTS ARE CHAMPS OF SOCCER LEAGUE

block of Stofor's drive. In the second half Sage was replaced by Hayward. W. Allen refereed.

The teams followed—Victoria City—Rowe, Moody, Roper, C. Robbins, G. Robbins, Moore Halckett, Peers, Brandow, Thom and Payne, Saanich Thistles—Elliott, Armitage, Essler, Sage, Williams, Speller, Hayward, Stofor, McLean, Robbins and Murray.

Juvenile Soccer

Holding Wimpy's Capitals to 1 to 1 draw on Saturday afternoon, Hill's Corner won the second half championship of the first division of the Juvenile Football League. Hill's and the Capitals, first half winners, will meet in a play-off for the league honors.

Playing at Nanaimo on Saturday afternoon Esquimalt Meat Market, second division champions, were defeated 3 to 0 in the island final.

In a fourth division game the Victoria Athletic Club defeated the Oak Bay Ramblers 3 to 1.

MUCH ACTION ON MAT CARD

Battle Royal and Following Bouts Give Local Fans Lots of Thrills

Some of the best showmen of the wrestling game were in town Saturday night and presented a big crowd of mat followers at the "Tillicum gym with one of the best shows seen in months.

Following the opening bout which brought together local youngsters, six heavyweights entered the ring to perform in the "battle royal" to determine their positions in the succeeding bouts.

There was about 1,375 pounds of wrestling material in the ring. They all piled on the Red Shadow. A dropkick by Paul Boesch dropped the hooded man and the five piled on him.

He was first out. Boesch was next and Earl McCready followed him when he was thrown out of the ring. Chief Thunderbird was the fourth eliminated, which left Herbie Freeman and Steve Strelch, who gained the main slot.

LOTS OF ACTION

Action was plentiful when the Red Shadow and Boesch, who hails from New York, mixed in the special event. It ended in a no-fall draw. The Shadow as usual brought into play every foul hold or blow he had in his bag of tricks, and soon had the fans again cmm.

Boesch came pretty close to pinning the Shadow on a number of occasions, but never was able to quite accomplish the feat, which would necessitate the removal of the Shadow's hood. The masked wrestler had no more success than his opponent when it came to pinning Boesch, and the bout came to a close with no falls being recorded. Boesch weighed 220 pounds, the Red Shadow 230.

A rolling cradle hold and a shoulder press in the fourth round gave Earl McCready, British Empire wrestling champion, a one-fall victory over Chief Thunderbird, Saanich Indian, in the semi-wind-up affair. The bout was clean with both boys sticking chiefly to the finer points of the game. McCready weighed 230 pounds, fifteen more than his opponent.

Steve Strelch, Hollywood, was given the odd-fall on a foul to secure a victory over Herbie Freeman in the final event on the card.

Freeman pressed the shoulders of Strelch to the mat for the opening fall in the second round, and the Hollywood man evaded when he pulled his opponent, who had scooted outside the ropes to evade further punishment, back in again over the ropes with his famous flying head scissors and pinned him. Freeman had received several warnings from the referee over his foul attacks and when he finally threw Strelch out of the ring in the fifth round and then knocked him back into the seats again when he tried to get back into the ring, Referee Peers raised Strelch's hand in victory.

Young Des Anderson and Young Doc Sarpolis fought to a no-fall draw in the opening bout.

England Still In Davis Cup Fight

With "Bunny" Austin Available For Singles Duty British Cannot Be Counted Out of Contention; Little Midget Rises to Heights in Cup Engagements

By GAYLE TALBOT Associated Press

London, April 19.—Before dividing up the summer's Davis Cup laurels between Australia, Germany and the United States, as the majority of tennis critics seem to have been doing since Fred Perry turned pro, it might possibly be a good idea to remember that England still has a pretty useful play in H. W. (Bunny) Austin.

Having watched Austin make a monkey out of various persons in the last three Davis Cup campaigns, this critic, for one, is not going to transfer the big silver bowl from the clubhouse of the all-England Lawn Tennis and Croquet Club until Austin has had his say in the matter.

In other words, there has been a lot of loose talk the last three years about trimming poor, weak-looking little "Bunny" in the Davis Cup, but very little has been done about it. In six challenge-round matches during that period he has blasted in sickening succession such net figures as Frank Shields, Sidney Wood, Donald Budge, Wilmer Allison and Jack Crawford. His only loss since England took possession of the cup in 1933 was to A. K. Quist last year after he had won himself down beating Crawford on the first day.

NO CAUSE FOR TEARS

In the face of that record, it is a little difficult to understand why everybody has started shedding adjectives tears for England. Austin is as likely as not to win two singles victories against any country that reaches the challenge round, and England has two doubles teams good enough to meet in the finals at Wimbledon last summer. She also has a couple of young singles players, Frank Wilde and Charles Hare, and neither is a soft touch if he appears to be on his game.

Each of the three countries now arguing about which will have the honor of beating England in the challenge round has one star ranked higher than Austin in the present world list. Germany has Von Cramm, the United States has Budge and Australia has Quist. Each of them is stronger than Austin physically, and if things went true to form would figure to beat Austin in a tournament match.

The Davis Cup, though, is different. Austin, with plenty of time to rest, has a way of bringing himself to a peak for his two challenge-round matches, and when he is "right" and rested there isn't a greater amateur in the world.

Monarchs to Play Wembley Tonight

Memorial Cup Winners to Clash With English National Hockey League Champions in International Series

Toronto, April 19.—Newly-crowned Canadian junior hockey champions, Winnipeg Monarchs, so hunting bigger game tonight, but the little fellows will be bolstered with five recruits for their clash with Wembley Lions in the second game of the round-robin international series.

The game will be a meeting of the home folks, for the Lions, who defeated Hershey's Bars 6 to 3 in the first game Saturday night, present many Winnipeg players on their lineup. And those expatriated Winnipeggers played on the Monarch team of 1935 that won everything in sight in its tour of Europe that winter.

The scoring lines that brought Wembley the championship of England's national league this year proved a little too good for the leaders of the Eastern United States League.

Three goals by Edgar Murphy, who before he migrated with many other Canadian stars, used to play hockey in Ottawa, and a goal apiece by Tony LeMay, Alex Archer and Jo Jo Graboski, proved too much for the Bears to overcome. They tried hard, Harry Frost scoring two and Jerry Cormier one. Every goal but Graboski's was scored in the third period.

TO PLAY TIGERS

In other games on the international schedule, the Bars run up against Sudbury Tigers tomorrow night.

The Monarchs play the Bars Wednesday night and take on the Tigers the following night in a game expected to be the highlight of the six-game series. Next Saturday night, Sudbury play the Lions. The two teams with the greatest number of points then will meet in a best-of-three game set-to for the series title.

For tonight's game the Monarchs were expected to be augmented by Red Heron, Johnny O'Flaherty, Bobby Laurent, Johnny Inglis and possibly another player, all promising Toronto juniors.

Seattle Wins Double-header

Indians Take Two Games From Missions in Coast League Baseball

Associated Press

San Francisco, April 19.—Pacific northwest fans get their first glimpse of 1937 Pacific Coast League baseball tomorrow when last year's champion Portland Beavers entertain Los Angeles and Seattle Indians, now sharing the top spot with San Diego, play hosts to the San Francisco Seals.

Portland has had anything but easy sledding since the season opened more than a fortnight ago. Yesterday the Beavers dropped both ends of a twin bill to the Los Angeles club, 11 to 4 and 7 to 4; Seattle took a couple from the floundering Missions, 15 to 3 and 4 to 3, and San Francisco divided a brace of games with Sacramento. The Seals lost the opener 7 to 4 and then won the night cap, 5 to 4. The San Diego club, thus far living up to all advance predictions, trimmed the Oakland outfit twice, 2 to 1 and 8 to 5.

SATURDAY'S RESULTS

Seattle 2, Missions 5.
San Francisco 6, Sacramento 4.
San Diego 8, Oakland 10.

Seeks Damages For Accident

Suit for \$225 special damages, \$250
general damages and costs for in-
juries suffered in an accident at the
intersection of Wharf Street and
Johnson Street, on the morning of
November 20, opened today before
Judge H. H. Shandley in County
Court.

Harold G. Bourne, plaintiff, has
made the claim against the prop-
rietors of the Pickwick Sightseeing
Transportation and Taxi Cab Company
and Ernest Day, taxi driver.
Details of the accident were heard
in evidence presented this morning.
Mr. Bourne, riding a bicycle at the
time, sustained injury when he was
allegedly struck by the taxi in pass-
ing him.

Adjournment was ordered for a
view of the scene of the mishap fol-
lowing the luncheon interval. The
case is continuing.

Montreal Strike Peace Is Near

Half of Employers Arrang-
ing Terms With Women's
Garment Workers

Montreal, April 19.—Half a hundred
dress manufacturers and officials of
the International Ladies' Garment
Workers' Union met together for a
third time today with the expectation
a final agreement would be reached
to bring partial settlement of the
dressmakers' strike, now nearly a
week old.

"Substantial progress on several
vital points" was reported by both
sides late last night after a second
conference had followed announce-
ment the fifty manufacturers, repre-
senting about half the employers in-
volved in the walkout, had accorded
the international union recognition as
the industry's collective bargaining
instrument.

An appeal to the workers by Roman
Catholic authorities was made public
yesterday, calling for "full support" to
the Ligue Catholique des Industries
de l'Arguille de la Province de Quebec,
one of the two French-Canadian
unions which the manufacturers' guild
claims to be the industry's of-
ficial unions.

The appeal warned the Catholic
workers of the "Communist ten-
dencies" of the international union.

scenes filmed at the lumber mill.

PLEADS CASE OF PRISONERS

Gyros Hear Vivid Picture of
Jails and Their Needs
From W. M. Hotham

A plea for a greater understanding
of the good to be found in the most
hardened of criminals was heard by
members of the Gyro Club at their
luncheon today in an address by
W. M. Hotham, a director of the John
Howard Society. He gave a vivid pic-
ture of the prisons of British Colum-
bia and the men in them.

Devoting most of his talk to anec-
dotes, some humorous, some pathetic
—of the lives and thoughts of pris-
oners, Mr. Hotham pointed to the need
of modernization of the prison sys-
tem and of the Criminal Code.

The buildings, the food and the
majority of the staffs of the jails of
British Columbia were excellent, he
said, but it was essential to keep up
with modern thought in the prison
field as much as in other spheres.

TRAINING SHIP URGED

He suggested much of the provin-
ce's criminal problem could be
solved by the substitution of a train-
ing ship for the industrial school and
the jails in so far as they affected
young criminals.

He believed naval discipline, which
he termed the happiest sort of dis-
cipline, under the leadership of men
of the calibre of Angus McLeod, who
looks after the first offenders at Okla-
nda, would prevent young men from
continuing in crime.

Among points brought out by Mr.
Hotham in his address were the fol-
lowing:

That often the parents rather than
their boys should be put in prisons;
That a prison staff should be as
highly trained as a hospital staff;
That, in the opinion of prison veter-
ans, it was "the wish to be a big
shot" and no other more sinister
cause that was responsible for the
fact that the average age of all per-
sons imprisoned in Canada for hold-
ups was only twenty-two years;

That in some cases the Criminal
Code could well be amended. He
quoted the case of two 'teen-age boys
who were serving two years — the
minimum sentence — for stealing a
catalogue out of the mail;

That one of the most pressing needs
was to segregate the various types of
offenders, notably the drug addicts,
from the younger criminals;

"That no criminal was basically bad;
"Keep your eyes off the bad, and
find the good and bring it out," was
Mr. Hotham's advice.

The speaker was introduced by R. L.
Challoner and thanked by Cuthbert
Holmes.

Everett Taylor, vice-president of
the club, presided.

ESTATE APPEAL BEFORE COURT

Decision on Rattenbury Case
Being Argued in Court of
Appeal Here

The appeal of Francis B. Rattenbury
against an order of Mr. Justice Rob-
ertson in Supreme Court, in which the
judge ruled property in Oak Bay
formerly owned by Francis M. Ratten-
bury had been transferred to his wife
and consequently became part of Mrs.
Rattenbury's estate on her death,
opened in the Appeal Court here today.
H. A. Maclean, K.C., counsel for the
respondent, Royal Trust Company,
contended the matter was not one for
appeal before the court and Roy
Manzer, representing the administra-
tor of the estate, took the stand that
Mr. Justice Robertson had heard the
case in the lower court on consent of
all parties and on that ground there
could be no appeal.

A. deB. McPhillips, counsel for the
appellant, F. B. Rattenbury, denied
consent in the lower court and was
given the court's authority to continue
with the appeal.
He contended that while the prop-
erty in question, which had subse-
quently been sold for \$17,500, had
been conveyed to Mrs. Alma Ratten-
bury by her husband, she was a
trustee for Mr. Rattenbury and that
the property should have gone to Mr.
Rattenbury's estate.

The case is continuing.

MAY REAFFIRM REFUND STAND

City Council to Consider
Fortin Scheme; Salary
Question Coming Up

The Fortin civic debt refunding
plan was expected to go before the
City Council again this afternoon.
The bondholders some weeks ago
turned down two major provisions and
promised consideration of the third
and most important, covering crea-
tion of an interest equalization fund.
No word yet has been received on the
bondholders' stand on the last ques-
tion.

The question was expected to form
one of the main items of debate at
the council meeting today.
Tonight the salary question will be
considered. Members of the city's
staff will attend the estimates meet-
ing at which their spokesmen will
appeal for restoration of reductions

Spend Summer At Long Beach

Eager to spend the summer at their
new ocean home at Long Beach, west
of Vancouver Island, Mr. and
Mrs. Arthur C. Lovekin of Pasadena,
Calif., annual visitors to Victoria, are
back at the Empress Hotel today.

Mr. Lovekin, a wealthy man, has
great faith in the future of Van-
couver Island, and particularly the west
coast, which he maintains is the
logical terminus of the Canadian
transcontinental highway.

He owns several hundred acres of
tidal property at Long Beach, with
its miles of hard-packed sand and
recognized as one of the finest scenic
sections of Vancouver Island.
Last year he built a fine home,
equipped with its own water and light
system, on the foreshore facing the
Pacific Ocean with the intention of
residing there when not traveling.
Mr. and Mrs. Lovekin are great trav-
elers. They have seen the greater
part of the world, but have yet to
find a place which appeals to them
more than Vancouver Island.

C. B. FOSTER WILL RETIRE

C.P.R. Passenger Traffic
Manager Here; Forty-six
Years in Service

Veteran of forty-six years' service
C. B. Foster, passenger traffic man-
ager, Canadian Pacific Railway, Mont-
real, will retire on July 1.

"I never felt better, or younger, but
the time comes when one must retire
to make way for younger men," said
Mr. Foster in replying to newspaper-
men's queries at the Empress Hotel
this morning.

Carrying his years of service well
the retiring passenger traffic manager
is young looking for his age and is
very vital and alert in his business
dealings. He hasn't a grey hair in
his head, his step is brisk and he plays
golf for exercise.

Asked what he intended to do after
such an active life, Mr. Foster replied
that he intended to take the first
real holiday of his career.

This is the last official trip that
Mr. Foster will make over the C.P.R.
system before he retires.
Traveling with him is H. F. Mathews,
general manager of Canadian Pacific
hotels, with headquarters at Mont-
real, who is slizing up the west pre-
liminary to the opening of the travel
season.

Both Messrs. Foster and Mathews
are satisfied that a better travel sea-
son than last year is in prospect.

All the company's hotels from At-
lantic to Pacific will benefit by the
expected increase in tourist travel
this year, said Mr. Mathews. He ex-
pressed his satisfaction with the
winter season's business at the Em-
press Hotel here.

Improved railway and steamship
schedules this summer will facilitate
easy handling of the tourist volume
and would be appreciated by the
traveling public, commented Mr.
Foster. The additional daily steamer
between Victoria and Seattle would
bring more people to Vancouver Is-
land, he thought.

Mr. Foster plans to remain in the
city until Wednesday, when he will
make a short trip to Seattle, return-
ing at the week-end. Mr. Mathew
will be here for about a week.

Arcanums Here Most Efficient

Milton A. Willment, Supreme
Regent, Praises North-
west Jurisdiction

"This northwest jurisdiction is one
of the most efficient and best con-
ducted of the entire organization,"
said Milton A. Willment, supreme re-
gent of the Royal Arcanum, discuss-
ing the fraternal order over which
he presides, at the Empress Hotel this
morning.

He referred to the splendid degree
and ritualistic work of the degree
team and the great interest shown in
fraternities.

Mr. Willment has been visiting
the councils of Royal Arcanum west
of Chicago and during his tour of
the northwest jurisdiction was ac-
companied by Grand Regent Carleton
W. Stocker of Victoria.

The Supreme Regent addressed the
Majestic Council, 1513, in the Elk's
Hall on Saturday night at a dinner
held in his honor.

"It is a further exemplification
of the fact that," he said, "though the
homes of members of these great frat-
ernal societies lie on each side of an
imaginary line, their lives are actuated
by the same principle—love of
home and their fellow men. To my
mind, the peace of the world depends
more and more upon men of different
nationalities gathering together,
strengthening the bonds of great frat-
ernal organizations, and coming to
the realization that the real interest
in life is pulling together, and not
pulling apart."

Mr. Willment is leaving for home
today.

Reports Better Business Outlook

After visiting LaJolla, California,
Mr. and Mrs. H. C. Ashdown of Win-
nipeg, with their two sons, James
and Philip, are at the Empress today
en route home.

Mr. Ashdown, who is president of
the J. H. Ashdown Hardware Com-
pany, pioneer prairie firm with
branches all over the country, said
business on the prairies had been
better this year than last. The im-
provement had been slow, but steady,
and with a good crop this season the
farmers would contribute to the bet-
ter outlook throughout the country.

There had been a noticeable lack of
moisture in the grain growing prov-
inces, he said, but rain had recently
fallen at Winnipeg and with snow-
storms had extended westward, rais-
ing the hopes of the farmers.

Pattullo Plans Talking Tour

With the provincial election cam-
paign getting into its swing this week,
Premier Pattullo is facing a busy
schedule.

Tonight the Premier will cross to
Vancouver, where he will speak Wed-
nesday night on the B'nai B'rith. Return-
ing here Thursday, he will launch the
government's first radio broadcast of
the campaign in a radio address Fri-
day night over a B.C. network. On
Saturday he will be in Vancouver
again, coming back to Victoria over
the week-end.
The Premier will visit various rid-
ings of the province during the cam-
paign but he has not yet laid out a
definite itinerary.

"San Francisco"

At The Plaza
Clark Gable and Jeannette MacDonald Are Stars in Stirring Picture

A new and truly romantic team is brought to the screen in Metro-Goldwyn-Mayer's "San Francisco," now at the Plaza Theatre, in Clark Gable and Jeannette MacDonald. For the first time the rugged, two-fisted, jaw-socketing Gable of old, and the lovely Miss MacDonald with the voice that thrills, are brought together, with Spencer Tracy sharing stellar honors.

"San Francisco" has drama, love interest, comedy and spectacle. Gable has the rough and tough type of role in which his screen public likes him. Miss MacDonald has the ideal part to give her opportunity to sing, and when she sings there is a reason for her singing, for her songs are a part of the plot.

CAPITOL THEATRE

Audiences have shown themselves so enthusiastic over "Wings of the Morning," the all-color British film now at the Capitol Theatre, that it has broken records everywhere. It introduces a new star to movie fans here, and she should be a popular one. "Annabella"—she doesn't carry a surname—is as attractive an actress as has been seen on the screen here in many a year, and she gets good support from the popular British star, Henry Fonda.

L. R. LAFLECHE,

Ottawa, April 6, 1937.

Theatre on Friday, about race horses and he'll flash an ingratiating smile. For the gentleman who is famous all around the world for such outstanding screen successes as "What Price Glory?" and "The Cockeyed World," would rather discuss colts, racing charts and stud books than the latest cinematic wrinkle.

Fine Cast At
Atlas Theatre
Sonja Henie, Adolphe Menjou in "One is a Million"

Sonja Henie, Queen of Silvery Skates, who makes her screen debut in "One is a Million," the Twentieth Century-Fox spectacular musical smash, now at the Atlas Theatre, studied ballet dancing until she was twenty, which explains, in part, the dazzling beauty of her "rhythm on ice."

In addition to Miss Henie, Adolphe Menjou, Jean Harlow, Ned Sparks, Don Ameche, the Ritz Brothers, Arline Judge, Borrah Minevitch and his gang, Dixie Dunbar, Leah Ray and Shirley Deane are also featured in the cast of "One is a Million," 1937's wonder show.

Unforgettably portrayed by the star of "The Informer" and an inspired cast, "Nancy Steele is Missing," the Twentieth Century-Fox production opening tomorrow at the Dominion Theatre, presents a powerful drama of vengeful hate balked by its own fury and punished by man's greatest love.

The performances of Victor McLaglen, winner of the Motion Picture Academy award for the best performance of 1935; Walter Connolly, outstanding actor of stage and screen, and Peter Lorre, Europe's one-man chamber of horrors, make "Nancy Steele is Missing" a tremendous document of emotion-lashing power, filled with intense thrills and strong passions.

Also to be shown as the second feature on this programme is "Time Out for Romance," starring Claire Trevor and Michael Whalen.

"Rose Marie" At
Oak Bay Theatre

Shooting night scenes in broad daylight is the latest accomplishment of the wizard motion picture camera.

This was done recently at Lake Tahoe, where W. S. Van Dyke was directing scenes for the spectacular Totem Pole Indian dance of Metro-Goldwyn-Mayer's "Rose Marie," famous light opera, starring Nelson Eddy and Jeannette MacDonald, which opens at the Oak Bay Theatre today.

Instead of making his shots at night by artificial light, Van Dyke and Chief Caravan, William Daniels used special filters in the lenses of the eight cameras.

June Clayworth
At the Columbia

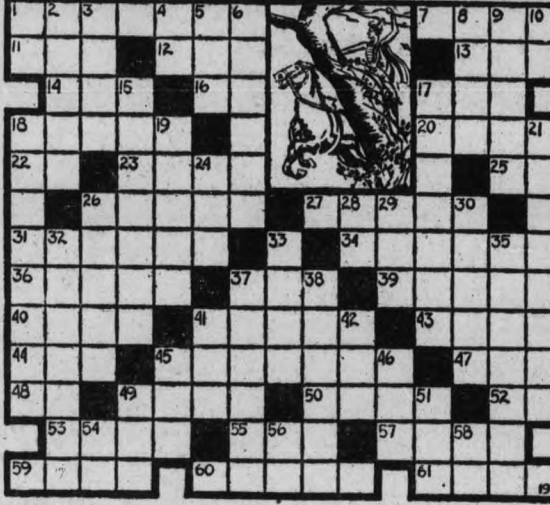

A liberal training in the art of fisticuffs occupied the first 'ay's work of June Clayworth, screen newcomer who has the featured role opposite James Dunn in Columbia's "Two-Fisted Gentleman," now at the Columbia Theatre.

In this Columbia comedy-romance Miss Clayworth enacts the part of a prize-fighter's manager and it was necessary for "Newsboy" Brown, former featherweight champion contender and now an employee of the studio, to show June the finer points of leather-pushing.

SHE DREADED GOING UPSTAIRS

WOMAN'S FEAR OF RHEUMATIC PAINS

One of the many troubles that afflict rheumatic sufferers is the difficulty of getting up and down stairs. Such was the case with this woman, before she started taking Kruschen, but now she finds it no trouble. Read what she says:—
"I have been taking Kruschen now for over 12 months, a half-teaspoonful in hot water first thing in the morning, and I feel a new woman. I had very painful rheumatism in my knees and back and also my head was getting very bad. I used to dread walking upstairs, now I am very thankful to say it is no trouble at all and I scarcely have any pains. I feel better in health than I have done for years."—(Mrs.) C.M.
Two of the ingredients of Kruschen Salts are notable for their work in dissolving uric acid. Other ingredients of Kruschen assist Nature to expel the dissolved acid from the system.

Annual Report of Royal Mail Lines Covers Activities of 1936; New Ship For Pacific Coast

Affairs of the Royal Mail Lines Limited, financially and otherwise, are in good shape, several old ships were sold during the year, contracts for new vessels were placed and a dividend of 4½ per cent was declared, according to the company's annual report, which has been received in Victoria by A. P. Moffat, local agent for the line.

During the financial year the company was sold, being no longer required for any of the company's services. The Nicholson, well known at port of Victoria, having been a frequent caller for many years, was sold in 1936.

"There has been a further improvement in the volume of saloon and third class passenger traffic obtained by the company's mail vessels during the year under review, and the cruising business has been well maintained," said the report of D. I. Conradi, secretary, at the meeting, which was held last month at Royal Mail House, in the city of London's famous Leadenhall Street.

"The company's cargo ships have been employed regularly during the year and have carried a satisfactory share of the cargoes available," the report continued. "The company also secured its due proportion of the refrigerated produce offering on the routes which it serves."

"A list of the company's fleet at the end of last year shows a gross registered tonnage of 313,653.

BUILD PLANES FOR ATLANTIC

Boeing Company at Seattle Has Six "Super Clipper Ships" Under Construction

Associated Press
New York, April 19.—A fleet of six three-decked "super clipper ships," half again as large as the flying boats now flying the Pacific Ocean, are under "secret" construction in a Seattle, Wash., factory for Pan-American Airways trans-Atlantic service.

Partial details of the newest flying boats and of the 1,500-horsepower engines expected to allow them to cruise 5,000 miles at a speed of almost 200 miles an hour were announced last night following release of the engines from their manufacturer's "secret list."

Designed especially for the trans-Atlantic service, the six new clippers were ordered from the Boeing Aircraft Company following an international conference at Washington a year ago between Pan-American and Imperial Airways of England, Pan-American officials announced.

At this naval review will be warships from many distant countries. The British Admiralty has invited each foreign nation to send one of its ships. Canada will be represented by two destroyers, the Skeena, from Esquimalt, B.C., and Saguenay from Halifax.

At the dinner party aboard the Victoria and Albert, King George is expected to entertain visiting admirals and high naval officers.

The Victoria and Albert is a famous old ship. She was built for Queen Victoria, and was always popular with King Edward VII and King George V, the latter monarch using her for the last time when he and Queen Mary reviewed the fleet in July, 1925, at the time of their silver jubilee. Edward VII, never fond of the sea, used the Victoria and Albert only once during the time he was King.

On Duty Off Coast of Spain

H.M.S. HOOD

With the international naval cordon around the coast of Spain becoming effective tonight, the Hood is standing today off the northern coast of Spain. The world's largest battleship, she is pictured above as the nationalists saw her hovering off Bilbao in one of the strangest situations of the Spanish rebellion. In Bilbao Bay the nationalists drew an imaginary three-mile territorial line. Outside that line were five British frigates with food consigned to the beleaguered Loyalists. Inside that line was the Nationalist cruiser Almirante Cervera, ready to pounce on any blockade runner. Also outside that line, steamed the Hood, symbol of British might, waiting for the slightest hostile movement—outside the three-mile limit.

Waterfront Notes

The British freighter Tilington Court, Capt. D. M. Aitchison, is today at the Ogden Point pier loading 500,000 feet of Vancouver Island lumber for the United Kingdom. King Bros. expect to get her away this evening.

Seattle's newest yacht is Charles J. Frisbie's forty-two-foot sloop, which was launched at Lake Union over the week-end. Mrs. Capitola Frisbie, after whom the new craft is named, christened the ship, breaking the traditional bottle of champagne across the bow.

Inbound from the British Isles, the Furness motorship Pacific Enterprise, is expected to arrive here Wednesday or Thursday. She will call at Seattle before coming to Victoria.

The whalers Blue, White and W. Grant left the Inner Harbor on Saturday and today are steaming towards the Queen Charlotte Islands. They will be based at Naden Harbor. The other three whalers will leave shortly for Rose Harbor.

The freighter Jedmoor left Victoria yesterday evening, after taking lumber here, and proceeded to Port Alberni, where she will complete for South Africa.

This week's sailing to the Orient from Victoria will be taken by the American Mail Liner President Grant, which is scheduled to sail late Saturday afternoon.

King Brothers expect the freighter Gedding Court at Ogden Point tomorrow morning to stop lumber for the United Kingdom.

When the Dutch motorship Djambi leaves northwest waters in mid-May for Singapore she will take out fifteen head of dairy cattle.
